

# INSTALLATION INSTRUCTIONS

Part Number TB-1005

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

1. Remove the air box lid.
2. Remove the stock air filter.
3. Remove the o-ring from the groove in the stock air filter. (Fig. 1)
4. Reinstall the o-ring into the groove of the K&N Filtercharger®. (Fig. 2)
5. Install the K&N Filtercharger® into the air box base. The part number will be facing up. (Fig. 3)  
**Note:** There is a locator tab on the air filter that will help keep the air filter in place.
6. Reinstall the air box lid and tighten the screws.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
