<sup>(2)</sup> With regard to lighting and light-signalling lamps, when an assembly comprising several lamps designated by a single number has been approved, a single form may be prepared. It is sufficient to indicate:

- In the heading, the names of the lamps in question,
- The number of the various relevant regulations.

In this case, the item "Concise description" is to be prepared as an annex containing the following information for each lamp, where applicable:

- Number and category of filament lamps;
- Rated voltage,
- Category of the device;
- Colour of light emitted.
